WELCOME LETTER FROM THE CHAIRMEN

Dear Colleagues,

It's a privilege to welcome you to the 2nd Aegean Hematology Oncology Symposium (AHOS), which is held on September 17–20, 2015, in Chios. The Symposium is co-organized by the University of Athens (School of Medicine) and the Athens Medical Society in collaboration with the Turkish Medical Association of EHOD (Aegean Hematology Oncology Society).

This meeting is planned to share country perspectives on hematology oncology topics between Greek and Turkish clinicians, to exchange experiences and to create the basis for multi-center, multi-national studies. During the last years, there was a significant progress in the biology of hematological malignancies that led to the development of several novel drugs in the field. The scientific program includes all these data presented by experienced hematologists and it is organized in well-balanced interactive sessions and teaching programs focusing on the needs of hematology/ oncology clinicians.

We have also a very interesting poster program where all accepted abstracts will be displayed during the congress. Sixty-six abstracts from several centers of both Greece and Turkey depict the development of hematological oncology in our countries, they offer a unique opportunity for sharing ideas and they build bridges for collaborative studies. The abstracts are published in this supplement of the most historical Greek journal, the Archives of Hellenic Medicine, a bimonthly refereed journal of the Athens Medical Society. Before the published abstracts, the editor-in-chief of the journal, Professor John Meletis presents a historical review for the roots of the world "haema" (blood), the basis of the medical specialty of Hematology.

We hope that you enjoy both the scientific program and the beauties of Chios and we thank you for your contribution in the development of this congress. Our aim is to improve this meeting every year and to strengthen the bonds between the doctors of both countries.

Have a nice meeting and see you again next year in Thessaloniki (Greece) for the 3rd AHOS.

With warm regards,
Evangelos Terpos & Guray Saydam
Co-Chairmen of 2nd AHOS
